Legends

Lubmarine Stock Availability Legend

Lubmarine Stock Availability gives an indication of available stocks, while no guarantee is given that every lubricant and every pack type will be available at all times.

PREMIUM: The full list of marine and auxiliary lubricants, including a full range of synthetic lubricants and greases, is available in ports designated as Premium.

CORE: The core range of marine and auxiliary lubricants meeting most common marine lubricant applications is available in ports designated as Core.

LIMITED: Only a limited range and limited quantity of marine lubricants is available in ports designated as Limited.

S.I: Subject to Inquiry. Working days notice is not guaranteed. Please contact our office to receive confirmation of stock availability and date of delivery.

Specific stocks can be put in place for specific applications or demands.

For certain types of vessels, deliveries are subject to port regulations restrictions.

For non listed ports or countries, please contact your local Lubmarine office.

Ports Directory Legend

Lubricants are delivered in road truck.

Lubricants are delivered by barge.
The use of the barge involves additional costs in most ports.
Refer to the general terms of sale of the current IPL.

Working Days Notice:

For orders received before 12:pm (local time at the delivery port) the first working day is the day of the order. After 12:pm, the first working day will be the day after the order. If the order cannot be agreed (product availability or delay), the first working day will begin once agreement as been reached.

Pumped drums / IBC:

Bulk is delivered ex-pumped drums / IBC.
Note: For ex-pumped drums deliveries, additional fee is applied.
Please also refer to the General Terms of Sale of the current IPL.
Minimum volume for pumped drums / IBC are subject to inquiry (S.I.).

IPD user guide

A Products delivered by truck **B** Products delivered by barge

- 1 **Ports**
Name of port delivered in the country.
- 2 **Stock status**
Lubmarine stock availability is defined with “Premium”, “Core” and “Limited” status. This gives an indication of stock availability. No guarantee is given that every lubricant and every pack type will be available at all times.
- 3 **Working days notice**
Number of working days needed to deliver an order. Please also refer to working days notice legend.
- 4 **(Truck): Packed**
Product is packed in pails or drums and delivered by road truck.
- 4 **(Barge): Packed**
Product is packed in pails or drums and delivered by barge.
- 5 **Min. Vol. (Litres)**
The minimum volume for packed deliveries is indicated in Liters. Please also refer to General Terms of Sale of the current IPL.

- 6 **(Truck): Bulk**
Product is delivered in bulk by road tanker.
- 6 **(Barge): Bulk**
Product is delivered in bulk by barge.
- 7 **Pumped drums / IBC**
Bulk is delivered ex-pumped drums / IBC.
Note: For ex-pumped drums deliveries, additional fee is applied. Please also refer to the General Terms of Sale of the current IPL. Minimum volume for pumped drums / IBC are subject to inquiry (S.I.).
- 8 **Min. Vol. (Litres)**
The minimum volume for bulk deliveries is indicated in Liters per product (per grade). If bulk is not available, minimum volume refers to ex-pumped drums or IBC.
- 9 **Ports comments**
Complementary information regarding the port.
- 10 **Updated on**
Date of up-date.

Country comments

For Atlantic ports, deliveries are possible on Saturday morning with extra charges only if orders have been received at least three days before. For Channel ports, deliveries are also possible on Saturday morning, only for packed products, with same constraints. For Mediterranean ports, deliveries are also possible during the weekend with same constraints. Deliveries are subject to road traffic restrictions during Summer time.

GIBRALTAR

Country comments

Deliveries are possible only by barge and subject to extra charges; the only exception is when vessel goes to Shipyard mainly. Deliveries during the weekend and holidays are subject to extra charges from Friday 05:00 PM until Monday 08:00 AM. Bulk deliveries are possible only in multiples of 1,000 litres per grade; minimum volume is 1,000 litres per grade and per order. For deliveries by barge, be informed that the booking of the barge is not possible. That means deliveries have to be arranged in consultation with the shipping agent only when estimated time of arrival (E.T.A.) has been confirmed; Gibraltar custom close working days at 01:30 PM and they are closed between 13:30 on Friday until 09:00 AM on Monday. It is not possible to send product to Gibraltar while custom are closed.
